

## Theme of “Mewar Science Fair-2k16”

In “Mewar Science Fair- 2k16” students are getting a chance to show others their projects about their own scientific investigations. In Mewar Science Fair there are two important events as described below

- **“S&T Expo”** a project exhibition competition for secondary and senior secondary students.
- **“Know My Technique”** an exhibition by Mewar University Students to demonstrate any recent or existing technique from their respective field which has some social relevance.

In “S&T Expo”, Secondary and Senior Secondary students from Chittorgarh, Bhilwara and nearby places will come to Mewar University Campus and present their own projects in the exhibition. A panel of well qualified and eminent judges will evaluate the projects based on its innovation, social relevance and technological knowledge.

In “Know My Technique” event the students of Mewar University, individually or group will demonstrate the recent and existing technique in their respective field. Judges will evaluate the demo based on participant’s presentation skill, social relevance of the technique used and participant’s knowledge about the respective technique.

## Objectives of “Mewar Science Fair-2k16”

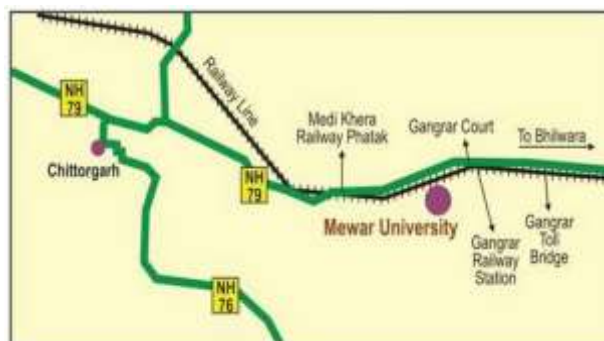

- School students have a chance to show their projects about their own scientific investigations in front of other students, teachers and eminent judges.
- To develop young scientists who are able to identify a problem, analyse information, find solutions and communicate findings effectively.
- School students will get an excellent opportunity to see and understand the technological details of various things we are using day to day life from Mewar students.
