The ~~Vice~~-Chancellor
Mewar Univeristy,
Gangrar, Chittorgarh (Raj.)

Subject: request letter for collaboration in academic and extra-curricular activities.

Dear Sir,

With reference to the subject mentioned above I am pleased to inform you that my institution is interested in collaborating with your institution in academic matters, I am hopeful that such an association between us will be immensely beneficial for our institutions, besides that it will open up new avenues of opportunities and growth for our respective institutions in future through active cooperation and collaboration.

Through association we could collaborate on a variety of academic endeavors such as joint publication of research papers, sharing of information in academic matters, adoption and implementation of new teaching methodologies, sharing of web resources and literary publications, joint holding of academic activities, sharing etc. We could also collaborate in matters relating to extra-curricular activities like sports and literary conclaves.

Therefore, I request you to accept our offer for collaboration and send a letter of acceptance through email at your earliest convenience.

Regards,

Yours Sincerely

(Dr. Gotam Kumar Kukda)

Subject: Re:

Dear Sir,

Thank you for the information.

Please let us know

1. All are B. Sc. Final Semester Student (8th semester) or mixed (any other semester)
2. As you have mentioned training duration 21 - 45 days so module is designed for 30 days will be

comfortable or 45 days.

3. What is expectation from training - if want on any specific topic please let us know. ICAR-CISH is pioneer institute for research on subtropical horticultural crops. So if you will indicate expectation/ requirement of students, topics will be included accordingly, otherwise it will be general as per institute mandate.

Your input will help us to design the module in such a manner, to cover all the aspects in the given time for maximum benefit of students.

Sincerely

Dear Sir,

Good afternoon & greetings from Mewar University.

Referring to our conversation, please find the attach resumes of our students who are pursuing their B.Tech in civil engineering and are basically from Nepal. These students are in their final semester (Jan 2022 to June 2022) which is meant for their Industry attachment and they have to ensure minimum 75% attendance during the internship period and there are certain marks assigned for the internship which will be given by the respective trainers, this also ensures the discipline of interns. Post successful completion of the internship, if there are some job openings available these candidates can be considered for such positions, as by that time they are well versed with the organization and the work culture, hence could be productive from the bigging itself. This way its a win win situation for both the student as well as the organization. We are connected with more than 200 organization, wherein we have been sending our students every year.

I would request your kind consideration and revert on the same.

Regards.

WORKSHOP INVITATION SIEMENS NX TECHNOLOGY.pdf;

Subject: WORK SHOP ON "MODERN TECHNIQUES OF TOOL & MOULD DESIGN AND ADVANCE MANUFACTURING USING NX"

Dear Sir,

Greetings from IGTR Aurangabad...

We are very glad to inform you that Indo German Tool Room, Aurangabad is going to organize one day workshop on "**MODERN TECHNIQUES OF TOOL & MOULD DESIGN AND ADVANCE MANUFACTURING USING NX**" on **07th August 2018** in association with 3D Engineering Pvt. Ltd Pune.

Design is the first step in manufacturing where most of the crucial decisions are made affecting the final cost of the product. Smart Designs with Modern Techniques & Advance Manufacturing techniques has created a revolution in manufacturing industry is leading to reduced product cost, improved quality and reliability, shorter time-to-market, lower stocks, fewer suppliers and many other benefits.

The training program is for Industrial professionals, Faculties and Students, who are interested in evaluating "COST & TIME" implications of their design & aim at production of high value products.

You are kindly requested to nominate the representatives from your esteemed organisation / Institute for the training program. Details of the training program are enclosed herewith for your ready reference.

Last date of registration is 6th August 2018.

Good Afternoon Sir,

We are fine with the date 7th nov'17.

The students from stream Electrical, Mechanical, Electronics and instrumentation of batch 17-18 for all students and batch 16-17 (J&K only) with no back log are eligible for the drive. The process for the said drive will be written test and PI round. The students has to fill one attached file along with the following documents:-

- 1) Adhar card (mandatory)
- 2) qualification documents(10th,12th and b.tech)
- 3) State subject(for j&k students)
- 4) Pass port size photograph
- 5) photo identy proof other then adhar card
- 6) police verification is needed afterward for selected students

The photo copy of all the above documents is necessary to be submitted before the starting of said drive.

We will be reaching On 6th of november after 2nd half and 2-3 member will be coming for the drive and will confirm you further on 3rd of november that mode of transport will be by bus of by train according to confirmation of train tickets.

On Fri, Oct 13, 2017 at 11:52 AM, Deepak Sharma <deepakpunj.110@gmail.com> wrote:

Good Morning Sir,

Greeting of the day from Prolific!

Sir thanks for your invitation for the drive and it will be our pleasure to visit your college for the campus drive.

As per your query students other then the resident of j&k are eligible for the drive but they will get no facilities which are under the udaan scheme as per the norms of NSDC.

They are eligible for our internship program in which following students will get trained on latest training module like automation,mechatronics, robotics and sensoronics which are under the value additional program.

The Internship program for the students other then the J&K is payable for six months but the students which will be selected in the drive can make their final project free of cost ,only the hardware cost is being beared by them.

Regards
Deepak Punj Sharma

Subject: Re: Proposal letter from Mewar University.

Good Evening Sir,

Greetings !

We thank you for interest you have shown in our company and training programs.

As discussed , we are pleased to conduct a drive in between last week of oct'17 and first week of nov'17 for internship and Value Addition training program of your J&K students under udaan Scheme for your EE, ECE, & ME students.

The program is practical oriented and will give full exposure of hardware & software to your students. Note that our trainers will be carrying the relevant hardware and software required for training at your college. Kindly note that full program is designed by our expert trainers and we have conducted similar trainings in various engineering colleges in India. COER – Roorkee, MITRC – Alwar, MIT – Ujjain, Sikkim Manipal University, Bharati Vidyapeeth, Walchand Institute, IET – Bhaddal are few of them.

Following are the highlights of the proposal which covers training on diversified platforms under one roof for EE, ECE, ME students.

- Automation Systems – 1) PLC 2) SCADA 3) HMI & DRIVES

I take this opportunity to brief you about our company

We are a leading EPC Turn-key solutions providing company and Asia's leading Advanced Industrial training provider serving Corporate Clients, Educational Institute as well as fresh engineering graduates and working professionals. Prolific is playing major role in bridging the gap between academia and industry demand.

It is observed that while the fresh graduates find it difficult to get placement in the industry, many corporate are craving for skilled manpower. It is essential to have skillset matching the industry requirements.

National Skill Development Corporation (NSDC), an organization set up by Ministry of Finance, Government of India, has undertaken the task of developing Sector Specific Skills and helping students get placement in the industry. In last few years NSDC has increase its portfolio from "Vocational" to "Advanced Industrial Technical" training.

We, Prolific Systems and Technologies Pvt Ltd., are accredited by NSDC for imparting Advanced Industrial Technical Skill Training to engineering students using Industry Oriented Training kits. Prolific is extending full support to NSDC for increasing employability of the fresh engineering graduates.

We hope you will revert us for the date of drive in line with the discussion. In case of any query please let me know.

Thanking you and looking forward to serve your esteemed Institution.
