Report of the Technical Fest/Academic Fest

2017-18

At the university level technical event "Uni-Fest 2018" organised by Technical Event Committee in the university premises from 12-19 March 2018 in the presence of teaching staff across all branches. The Technical event was led and executed successfully under the guidance of Technical committee.

The Event was a part of one of the various technical and social events organised under "Uni-Fest 2018". These events like "Constracto", "Tech Made", "Best by West", "Junk-Yard" etc. are organised every year with the objective to provide platform for the students to showcase their talent with a competitive spirit.

The events like project expo, programming contest, and many more events were equally planned executed and have managed to gather maximum response. The fest executed with a total of 11 events planned and organized at its best of quality. Focusing on the types of events to include in the fest was decided by fest coordinators keeping the interest and need of the engineering student into consideration, with little emphasis on the fun full events behind the scene.

The event was successful enough to attract as many as 156 team of registrations for a one day event making it an event attended by more than a 100 students. A Technical quiz competition was conducted where the students would participate as a team of two. The competition consisted of three rounds like The Elimination round, The Audio Visual Round and The Rapid Fire Round. The Elimination Round was an online multiple choice round where the participants were given 30 multiple choice questions to be solved in 15 minutes time. Total of 8 teams were selected from this round who would further compete in the Audio Visual Round where a series of audio, video and images were given to the participants to identify. Five teams made to the final Rapid Fire Round where the participants were given 60 seconds to rapidly answer a series of questions which decided the winning three teams of the event. The event was made even more fun and interesting when the audience were also allowed to give answer. Correct answers were given acknowledgement in the form of prizes.

In every technical event the winners were encouraged with a certificate, trophies as well as cash prizes. The participants were also given certificates as a token of encouragement.
