Administration: Enterprise Resource Planning (ERP) aims at immediate availability of data in required formats that ease the work of staff and management and increase in transparency and accountability in administration. Facilities should be provided for online leave management of employees, internal communication between the employees etc. Students also must be able to obtain maximum services like hostel leave approval, Bonafide certificates, etc. in online mode.

Accounts: Tally software is being used for maintaining Finance & Accounts. Appropriate security measures should be taken for maintaining confidentiality of the transactions. Training to the existing staff and updation of the existing software's must be done on timely basis. Office shall continue with Tally solutions for Finance management.

Website: The website of the university needs to be revamped taking into account the new changes. The website should act as a mirror of the university activities, Information about all activities, important notices, etc should be made easily available to the outsiders. For this purpose, a separate service provider/web designer can be identified. Along with it, training should be given to the existing staff who will undertake the responsibility of website administration and updation at the university level. The university website updation and maintenance services are continued with NEVITECH DATA SOLUTIONS Pvt. Ltd.

The E-Governance report for the academic year 2017-18 is submitted to the Governing Council. The Governing Council has verified and accepted the report.
