

REPORT ON THE STUDENT ATTRIBUTES FACILITATED BY THE INSTITUTION

Introduction:

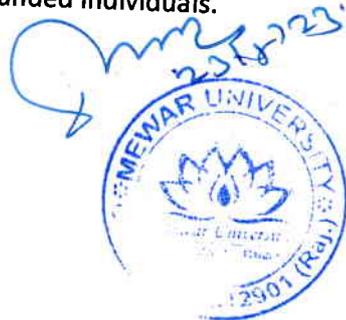

In order to foster the all-round development of students, Mewar University recognizes the importance of striking a balance between the syllabus curriculum, co-curricular, and extracurricular activities. Co-curricular activities provide students with opportunities to develop specific skills and exhibit their non-academic abilities, while extracurricular activities offer students the chance to work with others and gain essential life skills. Additionally, the Students' Council plays a crucial role in representing the ideas and concerns of their fellow students and planning programs related to student interests.

Student Attributes Facilitated:

Knowledge Enrichment: Mewar University provides various avenues for knowledge enrichment, including add-on courses and online courses. These opportunities allow students to gain additional knowledge and skills beyond their regular curriculum, enhancing their employability prospects and preparing them for the demands of the job market.

Employability: Mewar University places a strong emphasis on employability, and offers placement training, capacity enhancement programs, and career counseling and guidance for competitive examinations. These initiatives aim to equip students with the necessary skills and knowledge to excel in their chosen careers, and enhance their employability prospects in the competitive job market.

Personality Development: Mewar University recognizes the importance of personality development in students, and provides opportunities for the same through invited talks and Students' Council activities. These activities help students improve their communication skills, leadership qualities, and overall personality, making them well-rounded individuals.

Value Addition: Mewar University encourages students to participate in workshops, seminars, conferences, and symposia to gain additional knowledge and skills. These activities not only enhance their subject-specific knowledge, but also expose them to the latest developments and trends in their field of study, adding value to their education.

National Values and Human Values: Mewar University promotes national values and human values among students through various activities such as celebrating Independence Day, Republic Day, National Service Scheme (NSS) activities, and awareness programs. These initiatives help instill in students a sense of patriotism, social responsibility, and ethical values.

Social Cohesion, Tolerance, and Communal Harmony: Mewar University encourages social cohesion, tolerance, and communal harmony among students through the celebration of linguistic and religious festivals. These activities promote inclusivity, respect for diversity, and understanding among students from different backgrounds and cultures.

Social Sensitivity: Mewar University promotes social sensitivity among students through departmental extension activities and NSS initiatives. These activities create awareness about social issues, and instill in students a sense of social responsibility and empathy towards marginalized and underprivileged sections of society.

Acclimatizing to New Developments: Mewar University encourages students to participate in subject-related lectures, workshops, and exhibitions to acclimatize themselves with new developments in their field of study. These opportunities enable students to stay updated with the latest advancements in their respective fields, and develop a forward-thinking approach towards their careers.

Event Management: Mewar University provides opportunities for students to organize college day events, seminars, and club activities, helping them develop event management skills. These

activities provide practical exposure to students, and enhance their organizational, leadership, and team management skills.

Life Skills: Mewar University promotes the development of life skills among students through skill clubs, craft clubs, Entrepreneurship Development (ED) cell, and Intellectual Property Rights (IPR) cell activities. These initiatives help students develop skills such as problem-solving, critical thinking, creativity, and innovation, which are essential for their personal and professional growth.

Environment Sustainability: Mewar University emphasizes environment sustainability through its Eco club and NSS activities. These initiatives create awareness among students about environmental issues and promote sustainable
