Subject: Re: Proposal letter from Mewar University.

Good Afternoon Sir,

We are fine with the date 7th nov'17.

The students from stream Electrical, Mechanical, Electronics and instrumentation of batch 17-18 for all students and batch 16-17 (J&K only) with no back log are eligible for the drive. The process for the said drive will be written test and PI round. The students has to fill one attached file along with the following documents:-

- 1) Adhar card (mandatory)
- 2) qualification documents(10th,12th and b.tech)
- 3) State subject(for j&k students)
- 4) Pass port size photograph
- 5) photo identy proof other then adhar card
- 6) police verification is needed afterward for selected students

The photo copy of all the above documents is necessary to be submitted before the starting of said drive.

We will be reaching On 6th of november after 2nd half. and 2-3 member will be coming for the drive and will confirm you further on 3rd of november that mode of transport will be by bus of by train according to confirmation of train tickets.

Dear Mr.Sharma.

Good Morning & Greetings from Mewar University.

Referring to the trailing communication,lets fix it for 7 th of November.However would like to have input on candidates from which all courses and branches will be eligible to appear and the process you will follow for the said drive ( like written test/group discussion/PI round etc ).Please let me have the details so that accordingly same could be communicated to the participating candidates.

Also would like to have the details of your travel plan and number of members visiting so that accordingly arrangements at our guest house in the campus itself can be managed along with your pick up and drop from Chittorgarh railway station if you are coming by train.

As regarding logistics University will ensure from its side the lodging/boarding and local transportation of the team.

In anticipation of your revert on the required details at the earliest.

Regards.

Good Morning Sir,

Greeting of the day from Prolific!

Sir thanks for your invitation for the drive and it will be our pleasure to visit your college for the campus drive.

As per your query students other then the resident of j&k are eligible for the drive but they will get no facilities which are under the udaan scheme as per the norms of NSDC.

They are eligible for our internship program in which following students will get trained on latest training module like automation,mechatronics, robotics and sensoronics which are under the value additional program.

The Internship program for the students other then the J&K is payable for six months but the students which will be selected in the drive can make their final project free of cost ,only the hardware cost is being beared by them.

Dear Mr.Sharma.

Greetings from Mewar University.

Referring to our conversation and the subsequent mail of yours, it would be a pleasure having your team at our campus. I will confirm you the dates by today evening however would like to know if we can plan for having participation of students apart from J & K in the drive if so please let me know the terms applicable for them. As I have mentioned in my proposal letter the short listed candidates will be joining at your center from 1st of Jan 2018 and as per the system prescribed by the university for these students they will have to ensure 85 % attendance during the internship period ( Jan -June 2018 ) and there is an evaluation system devised, under which we will be asking for their assessment from your side.

In anticipation of your kind revert.

Good Evening Sir,

Greetings !

We thank you for interest you have shown in our company and training programs.

  
Registrar  
Mewar University  
Gangrar, (Chittorgarh)

As discussed, we are pleased to conduct a drive in between last week of oct'17 and first week of nov'17 for internship and Value Addition training program of your J&K students under Udaan Scheme for your EE, ECE, & ME students.

The program is practical oriented and will give full exposure of hardware & software to your students. Note that our trainers will be carrying the relevant hardware and software required for training at your college. Kindly note that full program is designed by our expert trainers and we have conducted similar trainings in various engineering colleges in India. COER - Roorkee, MITRC - Alwar, MIT - Ujjain, Sikkim Manipal University, Bharati Vidyapeeth, Walchand Institute, IET - Bhaddal are few of them.

Following are the highlights of the proposal which covers training on diversified platforms under one roof for EE, ECE, ME students.

- Automation Systems - 1) PLC 2) SCADA 3) HMI & DRIVES

**I take this opportunity to brief you about our company**

We are a leading EPC Turn-key solutions providing company and Asia's leading Advanced Industrial training provider serving Corporate Clients, Educational Institute as well as fresh engineering graduates and working professionals. Prolific is playing major role in bridging the gap between academia and industry demand.

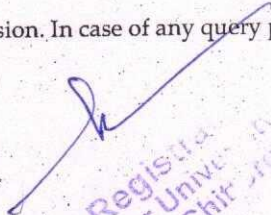

It is observed that while the fresh graduates find it difficult to get placement in the industry, many corporate are craving for skilled manpower. It is essential to have skillset matching the industry requirements.

National Skill Development Corporation (NSDC), an organization set up by Ministry of Finance, Government of India, has undertaken the task of developing Sector Specific Skills and helping students get placement in the industry. In last few years NSDC has increase its portfolio from "Vocational" to "Advanced Industrial Technical" training.

We, Prolific Systems and Technologies Pvt Ltd., are accredited by NSDC for imparting Advanced Industrial Technical Skill Training to engineering students using Industry Oriented Training kits. Prolific is extending full support to NSDC for increasing employability of the fresh engineering graduates.

We hope you will revert us for the date of drive in line with the discussion. In case of any query please let me know.

Thanking you and looking forward to serve your esteemed Institution.

Dear Mr.Deepak.

Greetings from Mewar University.

In continuation to our conversation, please find attach here with the proposal letter regarding internship of our students at your esteemed organization. I would like to share this internship will be from Jan 2018 to June 2018 as like last years.

To make this exercise more effective and focused, we would like to invite your team for conducting a campus drive rather than sending students directly. I would suggest if we can plan this in the month of November as after that, they will have their semester exams scheduled in December.

I would request your kind consideration and further inputs on the same so that it renders the desired outcome.

In anticipation of your kind revert.

Regards.

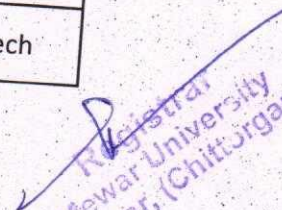

Harish Gurnani.
