Sir.

Greetings from Mewar University.

In continuation to our conversation, please find attach here with the proposal letter regarding internship of our students at your esteemed organization. I would like to share this internship will be from Jan 2018 to June 2018 as like last years.

To make this exercise more effective and focused, this time we would like to invite your team for conducting a campus drive rather than sending students directly. We can have this process separately for J&K and non J&K students. I would suggest if we can plan this in the month of November as after that, they will have their semester exams scheduled in December.

As discussed we can have participation of students from B.tech/P.Diploma ( CS/ECE ) BCA/MCA & BBA/MBA, the total number from these all courses will be some where around 150 students.

I would request your kind consideration and further inputs on the same so that it renders the desired outcome.

In anticipation of your kind revert.
