Registrar  
Mewar University  
Gangrar, (Chittorgarh)

#### ABOUT THE CONFERENCE:

The major knowledge/intellectual capital in wealth creation, from countries to individuals in a global economy has assumed prominence in the past few years. The life cycle of intellectual property goes through various stages from identification to utilization with emphasis on documentation and management of the same. As mentioned above, protection and management of IPRs not only assumes critical importance but enhances motivation to develop and disseminate scientific and technological innovations. At the institution/firm level intellectual capital is the foundation for ensuring market dominance and licensing the same is one of the key drivers in the growth of these firms. This conference creates and facilitates a stimulating environment for the development and exchange of ideas in the management of IPR with special emphasis on emerging economies problems given a dynamic global environment. The conference aims at linking creation and protection of knowledge capital to improvement in the quality of life in the Indian context. The themes chosen focus on broad areas intended to cover the whole spectrum of issues related to knowledge capital in diverse areas. Economy stresses the need for research, education and advocacy on IPRs to enhance standards of better living.

Types of Intellectual Property : the term intellectual property is usually thought of as comprising four separate legal fields:

1. Trademarks
2. Copyrights
3. Patents, Marks &
4. Trade secrets
5. Geographical indication (GI)

**THEME :** Theme of the conference is 'Intellectual Property Rights: Applications and Importance in Scientific Research and Development' and the Conference is also relevant to the Medical Research and New Innovations including R&D in present day scenario of Medical Science in India.

Defence Research and  
Development Organization (DRDO)

Date  
22-23 July, 2023

Organized by :  
**MEWAR UNIVERSITY RESEARCH ETHICAL  
COUNCIL (MUREC), MEWAR UNIVERSITY, GANGRAH,  
CHITTORGARH, RAJASTHAN-312 901, (INDIA)**

#### About DRDO

DRDO is the R&D wing of Ministry of Defence, Govt of India, with a vision to empower India with cutting-edge defence technologies and a mission to achieve self-reliance in critical defence technologies and systems, while equipping our armed forces with state-of-the-art weapon systems and equipment in accordance with requirements laid down by the three Services. DRDO was formed in 1958 from the amalgamation of the then already functioning Technical Development Establishment (TDEs) of the Indian Army. Today, DRDO is a network of more than 50 laboratories which are deeply engaged in developing defence technologies covering various disciplines, like aeronautics, armaments, electronics, combat vehicles, engineering systems, instrumentation, missiles, advanced computing and simulation, special materials, naval systems, life sciences, training, information systems and agriculture. Several major projects for the development of missiles, armaments, light combat aircrafts, radars, electronic warfare systems etc. are on hand and significant achievements have already been made in several such technologies.
